Budget Delegate	Kristine LaLonde	Idea #:	575
		ID:	26
		SVI:	1 (\$4,000,000) 2 (\$2,800,000) 4 (\$1,000,000)
		Budget:	\$100,000
Location	Intersection of Harding Place and Nolensville Pike		
Short Description:			
Install pedestrian safety improvements at the Harding Place and Nolensville Pike intersection through improved crosswalks, signage and blinking lights.			
Long Description:			
The intersection of Harding Place and Nolensville Pike is a busy part of our city that has suffered from neglect in its pedestrian infrastructure. Crosswalk striping is worn away and there are not blinking lights. Repainting and adding needed signage, even call buttons for pedestrians will be a great improvement. There are multiple crosswalks in this area and a holistic approach to the area will improve safety for all.			

This project page has been curated by a budget delegate, drawing inspiration from ideas submitted by Nashville residents until June 20, 2023. It has been shaped with initial input regarding scope and budget from a Metro department. While Metro is committed to adhering to the specified scope, adjustments or even the potential elimination of certain aspects may become necessary during implementation, influenced by site-specific or unforeseen conditions. Furthermore, the projects' funding source is from the American Rescue Plan Act (ARPA), which current guidelines require all ARPA-funded projects be completed by December 2026. Should any project be delayed or expected to be delayed beyond this deadline, it shall be subject to elimination. The implementation timeline will be rigorously monitored to ensure compliance with this crucial requirement. Any prospective alterations to the project will be subjected to rigorous scrutiny and resolution by the steering committee during their regularly scheduled meetings.
